Correction for 'Impact of the synthesis method on the solid-state charge transport of radical polymers' by Yiren Zhang *et al.*, *J. Mater. Chem. C*, 2018, **6**, 111–118.

The authors regret that the incorrect units for 2-EBiB were reported in Section 2.3.2 PMPEOT synthesis. The units should be  $\mu\text{mol}$  and as such the sentence should read: "Then 1 mL of a solution of ethyl 2-bromo-2-methylpropionate (2-EBiB) (15  $\mu\text{L}$ , 100  $\mu\text{mol}$ ). . .".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
