Correction for 'The role of Sox9 in collagen hydrogel-mediated chondrogenic differentiation of adult mesenchymal stem cells (MSCs)' by Xianfang Jiang, *et al.*, *Biomater. Sci.*, 2018, 6, 1556–1568.

Fig. 4a in the original manuscript is incorrect. The correct figure is shown below.

Fig. 4 Effect of Sox9 silencing on BMSC proliferation. a: The positive green lights showed that infected MSCs proliferated well on the dish when cultured in the monolayer (Sox9i–MSCs) or encapsulated in collagen (Sox9i–MSCs–collagen). Cells in all the groups proliferated over time.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
