Correction for 'Low temperature, rapid and controllable growth of highly crystalline ZnO nanostructures *via* a diluent hydrolytic process and its application to transparent super-wetting films' by Huijie Wang *et al.*, *CrystEngComm*, 2018, 20, 7602–7609.

The formula of HTMS provided in section 2.1 of the published article is incorrect. The correct formula is $C_{13}F_{17}H_{13}O_3Si$.
The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
