Correction: Limestone calcination under calcium-looping conditions for CO₂ capture and thermochemical energy storage in the presence of H₂O: an *in situ* XRD analysis

Jose Manuel Valverde^{*a} and Santiago Medina^b

DOI: 10.1039/c9cp90262g

rsc.li/pccp

Correction for 'Limestone calcination under calcium-looping conditions for CO₂ capture and thermochemical energy storage in the presence of H₂O: an *in situ* XRD analysis' by Jose Manuel Valverde *et al.*, *Phys. Chem. Chem. Phys.*, 2017, **19**, 7587–7596.

In the published article the value of 0.03% for the H₂O volume concentration is incorrect and should instead be shown as 3% throughout the article and in Fig. 6.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
