Correction for 'Developing near-infrared long-lasting phosphorescence of  $\text{Yb}^{3+}$  through a medium: insights into energy transfer in the novel material  $\text{Zn}_{1.98}\text{Li}_{0.02}\text{P}_2\text{O}_7:\text{Yb}^{3+}$ ' by Huimin Li *et al.*, *Dalton Trans.*, 2018, **47**, 9814–9823.

We regret that some incorrect energy levels were published in our original submission. The '4F5/2' and '4F7/2' should be corrected to '2F5/2' and '2F7/2', respectively.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
