The authors regret an error in the structure of the DMAPMA unit of the co-polymer in the Graphical abstract and Fig. 1 of the originally published manuscript. The correct version of Fig. 1 is shown below and the Graphical abstract has been republished online.

Fig. 1  Schematic of the formation of hydrogel nanotubes (HNTs) via self-rolling of polymer nanosheets at 40 °C with ice helices entrapped in their hollow channels and their application in diabetic wound healing.
