Correction for 'Single phase of spinel  $\text{Co}_2\text{RhO}_4$  nanotubes with remarkably enhanced catalytic performance for the oxygen evolution reaction' by So Yeon Kim *et al.*, *Nanoscale*, 2019, **11**, 9287–9295.

The authors regret the omission of the x-axis scale of Fig. 7 from the original manuscript. The corrected Fig. 7 is shown below.

**Fig. 7** (a)  $iR$ -Compensated RDE voltammograms for the OER in Ar-saturated 1.0 M NaOH aqueous solution at a scan rate of  $10 \text{ mV s}^{-1}$  with a rotating speed of 1600 rpm. (b) Tafel plots for the OER obtained from the RDE voltammograms shown in (a).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
