The authors have noticed that an incorrect version of Fig. 3a was provided in the published article. A corrected version of Fig. 3 is therefore provided below. The authors confirm that this does not affect the results and conclusions of the work.

Fig. 3 TEM images of Ag NRs (a) and free NPs (b); size distributions of the whole ring (c); the single particles in the ring (d) and free NPs (e).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
