Correction: Empowering mechanochemistry with multi-mechanophore polymer architectures

Brandon H. Bowser and Stephen L. Craig*

Correction for 'Empowering mechanochemistry with multi-mechanophore polymer architectures' by Brandon H. Bowser *et al.*, *Polym. Chem.*, 2018, **9**, 3583–3593.

The authors apologise for an incorrect structure that was presented in Fig. 10. During the preparation of Fig. 10, the authors included unlabeled bonds that indicated vinylic methyl groups instead of hydrogen atoms on the ladderene compounds. The corrected Fig. 10 is shown below. The conclusions of this article are unaffected by this correction. The authors apologise for any inconvenience this error may have caused.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
