Correction for 'Controlling the preferential motion of chiral molecular walkers on a surface' by David Abbasi-Pérez et al., Chem. Sci., 2019, DOI: 10.1039/c9sc01135h.

We regret that in the original article, one of the funding grants was not acknowledged. The correct sentence should read as follows: This research was supported by the UK EPSRC grant EP/J019844/1 and in part by EP/N023587/1 and EP/M005178/1.

In addition, on column 2 of page 7, the phrase "...the (S) molecule moves to the right ( $E_{\rm eff} > 0$ ) slower than (R) in the case of the opposite direction of the field..." should be corrected to "...the (S) molecule moves to the right ( $E_{\rm eff} > 0$ ) slower than (R); in the case of the opposite direction of the field...".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
