Correction for ' β -Cyclodextrin modified graphitic carbon nitride for the removal of pollutants from aqueous solution: experimental and theoretical calculation study' by Yidong Zou *et al.*, *J. Mater. Chem. A*, 2016, 4, 14170–14179.

The authors regret an error in Fig. 2 in the published article; a SEM image was misused in Fig. 2c in the published article due to a replication error in the PPT software. The authors confirm that this error does not have any impact on the conclusions of the original article. A corrected version of Fig. 2 is provided below:
