Correction for 'Tailoring the ORR and HER electrocatalytic performances of gold nanoparticles through metal–ligand interfaces' by David Alba-Molina *et al.*, *J. Mater. Chem. A*, 2019, DOI: 10.1039/c9ta05492h.

The authors regret the following minor errors in the published article. In eqn (4), a minus sign was missing from the final exponential term. The correct version of eqn (4) is as follows:

$$B = 0.62nFC_0D_0^{2/3}v^{-1/6} = B^*n$$

Moreover, the value of the constant B^* was erroneously shown as $2.76 \times 10^{-2} \text{ A cm}^{-2} \text{ rpm}^{-1/2}$ in the published article. The correct value of B^* is $2.76 \times 10^{-5} \text{ A cm}^{-2} \text{ rpm}^{-1/2}$. The authors thank Prof. Dr Corinne Lagrost, CNRS researcher at the Institut des Sciences Chimiques de Rennes UMR6226, for detecting both typographical errors.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
