Correction for 'Nanoscale insight into the degradation mechanisms of the cartilage articulating surface preceding OA' by Tooba Shoaib, *et al.*, *Biomater. Sci.*, 2020, **8**, 3944–3955, DOI: 10.1039/D0BM00496K.

The authors apologise that Fig. 2 in the main manuscript was incorrect. The correct version is as follows:

The authors would also like to correct the sentence beginning “The Hertz model...”. This should read “The Hertz model¹ was fit to the indentation curves upon extension of the colloid to the cartilage”.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
