The authors regret an error in the published version of Fig. 3 of the above paper. The labels of the CV redox peaks were missing. The correct version of Fig. 3 is shown below as used for the discussion section which remains unaltered.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.

Fig. 3 Cyclic voltammograms of **1** at different scan rates: from inside to outside: 20, 40, 60, 80, 100, 120, 140, 160, 180, and 200 mV s^{-1} . Inset: representation of the current as a function of the scan rate.
