Correction for 'Equations of the state of hard sphere fluids based on recent accurate virial coefficients B_5 – B_{12} ' by Jianxiang Tian et al., *Phys. Chem. Chem. Phys.*, 2019, **21**, 13070–13077. DOI: 10.1039/C9CP02116G

On page 13075, under eqn (15) and before Section 4, the coefficient a_0 is wrongly published as $a_0 = 6.232968023$. The correct value should be $a_0 = 6.80859329042177$.

This erratum does not affect the results and discussions related to eqn (15). In other words, all the results and discussions related to eqn (15) in the main text can be successfully reproduced with this correction.

The authors sincerely apologise to readers for this typo.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
