Correction: Nickel clusters on TiO₂(110): thermal chemistry and photocatalytic hydrogen evolution of methanol

Moritz Eder,^a Carla Courtois,^a Tim Kratky,^b Sebastian Günther,^b Martin Tschurl^a and Ueli Heiz^{*a}

DOI: 10.1039/d0cy90102d

rsc.li/catalysis

Correction for 'Nickel clusters on TiO₂(110): thermal chemistry and photocatalytic hydrogen evolution of methanol' by Moritz Eder *et al.*, *Catal. Sci. Technol.*, 2020, DOI: 10.1039/d0cy01465f.

Under the section titled 'Photocatalysis on Ni-decorated titania and auger analysis', the work carried out in ref. 72 is incorrectly described as "a recent *operando* XPS study on a bimetallic NiCu-TiO₂ photocatalyst for H₂ evolution unequivocally shows the metallic state of both co-catalyst metals".⁷²

This should instead read "a recent *operando* XAS (X-ray absorption spectroscopy) study on a bimetallic NiCu-TiO₂ photocatalyst for H₂ evolution unequivocally shows the metallic state of both co-catalyst metals".⁷²

The details of ref. 72 are shown below as ref. 1.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
