Correction for 'The global technical and economic potential of bioenergy from salt-affected soils' by Birka Wicke *et al.*, *Energy Environ. Sci.*, 2011, **4**, 2669–2681, DOI: 10.1039/C1EE01029H.

rsc.li/ees

The unit of the extent of salt-affected soils stated in Table 6 (The extent of salt-affected soils, by type and severity of salt-affectedness) should be 1 000 000 ha, and not 1000 ha.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
