Correction: Deformability-induced lift force in spiral microchannels for cell separation

Ewa Guźniczak,^{*a} Oliver Otto,^b Graeme Whyte,^a Nicholas Willoughby,^a
 Melanie Jimenez^{†c} and Helen Bridle^{†a}

Correction for ‘Deformability-induced lift force in spiral microchannels for cell separation’ by Ewa Guźniczak *et al.*, *Lab Chip*, 2020, 20, 614–625.

The authors regret that the acknowledgements section was not complete in the original manuscript. The corrected acknowledgements are given below.

FACS sorting was performed in the University of Edinburgh FACS Facility by Dr Martin Waterfall. Jurkat cells expressing green fluorescence protein (GFP+), were kindly provided by Dr Miguel Hermida (Heriot-Watt University, UK). EG gratefully acknowledges the funding from Scottish Industrial Biotechnology Innovation Centre (IBioIC) for her doctoral studies, Royal Society of Edinburgh for the JM Lessells travel scholarship allowing visiting OO's lab and performing the experimental work as well as Epigem Ltd. for providing resources for this project. OO gratefully acknowledges funding from the German Federal Ministry of Education and Research (ZIK grant under grant agreement 03Z22CN11) and from the Deutschen Zentrum für Herz-Kreislaufforschung. MJ was supported by the Royal Academy of Engineering under the Research Fellowship scheme (RF/201718/1741). MJ would also like to thank the Engineering and Physical Sciences Research Council (EPSRC) for their support (EP/R006482/1).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
