## Correction: Poly(*N*-isopropyl acrylamide)–poly(ethylene glycol)–poly(*N*-isopropyl acrylamide) as a thermoreversible gelator for topical administration

P. Haddow, W. J. McAuley, S. B. Kirton and M. T. Cook\*

Correction for 'Poly(*N*-isopropyl acrylamide)–poly(ethylene glycol)–poly(*N*-isopropyl acrylamide) as a thermoreversible gelator for topical administration' by P. Haddow *et al.*, *Mater. Adv.*, 2020, **1**, 371–386, DOI: 10.1039/D0MA00080A.

The authors regret that there is a typo in the final paragraph of the 5th page of the article. In the sentence beginning "Of the concentrations studied...", the text in brackets that reads " $T_{\text{gel}}$  of 30 and 5 °C, respectively" should read " $T_{\text{gel}}$  of 30 and 25 °C, respectively".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
