Correction: Non-spherical micro- and nanoparticles in nanomedicine

Xingjun Zhu,^a Chau Vo,^a Madelynn Taylor^a and Bryan Ronain Smith*^{ab}

Correction for 'Non-spherical micro- and nanoparticles in nanomedicine' by Xingjun Zhu *et al.*, *Mater. Horiz.*, 2019, **6**, 1094–1121.

In Section 2.2, Cell uptake, in one instance ref. 125 was incorrectly cited rather than ref. 128. The corrected sentence is as below:
"This prediction agrees qualitatively with results from a number of *in vitro* experiments: gold nanospheres are taken up by HeLa cells to a markedly larger extent than chemically-similar nanorods.¹²⁸,"

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
