Correction for 'Strong metal-support interactions between palladium nanoclusters and hematite toward enhanced acetylene dicarbonylation at low temperature' by Xuemei Wei et al., New J. Chem., 2020, DOI: 10.1039/c9nj05493f.

The paper "Strong metal-support interactions between palladium nanoclusters and hematite toward enhanced acetylene dicarbonylation at low temperature" is corrected as follows: Fig. 3 needs to be corrected because of an error in the labelling of the Pd 3d peaks in Fig. 3c. The authors apologise for this mistake.

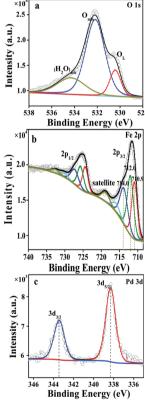

Fig. 3 XPS spectra of (a) O 1s, (b) Fe  $2p_{3/2}$  and (c) Pd 3d of Pd/ $\alpha$ -Fe<sub>2</sub>O<sub>3</sub>.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
