Correction: Recent advances in the direct β -C(sp²)-H functionalization of enamides

Tonghao Zhu,^a Shimin Xie,^b Pornchai Rojsitthisak^c and Jie Wu^{*a,d}

Correction for 'Recent advances in the direct β -C(sp²)-H functionalization of enamides' by Tonghao Zhu *et al.*, *Org. Biomol. Chem.*, 2020, DOI: 10.1039/c9ob02649e.

The author regrets that there was an error in the second paragraph of section 2.2 Olefination. The sentence 'Glorius's group established a mild and efficient approach for the direct alkenylation of non-aromatic enamides *via* a palladium(II)-catalyzed C-H activation (Scheme 8).^{4b}' should be corrected to 'Gillaizeau's group established a mild and efficient approach for the direct alkenylation of non-aromatic enamides *via* a palladium(II)-catalyzed C-H activation (Scheme 8).^{4b}'

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
