## Correction: Removal of fluoride ions using a polypyrrole magnetic nanocomposite influenced by a rotating magnetic field

Uyiosa Osagie Aigbe,  <sup>a</sup> Robert Birundu Onyancha, <sup>\*b</sup>  
Kingsley Eghonghon Ukhurebor<sup>c</sup> and Kingsley Onyebuchi Obodo<sup>d</sup>

Correction for 'Removal of fluoride ions using a polypyrrole magnetic nanocomposite influenced by a rotating magnetic field' by Uyiosa Osagie Aigbe *et al.*, *RSC Adv.*, 2020, **10**, 595–609.

The authors regret that Table 1 was displayed incorrectly in the original article, as the values for the Temkin constants were not correctly aligned with their respective columns. The corrected version of Table 1 is shown below.

**Table 1** Freundlich and Temkin constants for fluoride ions adsorption

| Freundlich isotherm         |         |         | Temkin isotherm             |                               |         |
|-----------------------------|---------|---------|-----------------------------|-------------------------------|---------|
| $K_L$ (mg g <sup>-1</sup> ) | $n$     | $R^2$   | $K_T$ (L mg <sup>-1</sup> ) | $b_T$ (kJ mol <sup>-1</sup> ) | $R^2$   |
| 1.11740                     | 1.34171 | 0.98381 | 1.0153                      | 22.5                          | 0.97579 |

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
