Correction for 'Nano- and micro-structural control of WO_3 photoelectrode films through aqueous synthesis of $\text{WO}_3 \cdot \text{H}_2\text{O}$ and $(\text{NH}_4)_{0.33}\text{WO}_3$ precursors' by Hiroaki Uchiyama *et al.*, *RSC Adv.*, 2020, 10, 11444–11449.

The Royal Society of Chemistry regrets that an incorrect version of Fig. 6 was included in the original article. The correct version of Fig. 6 is presented below.

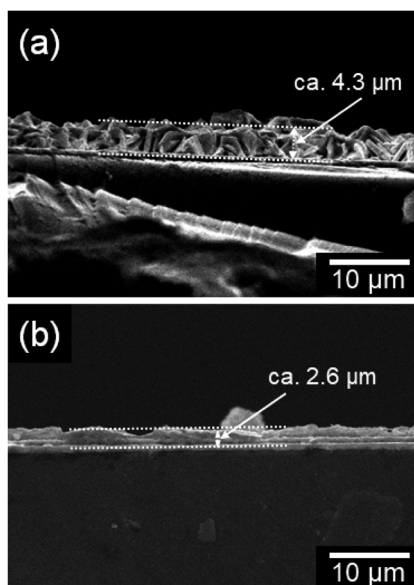

Fig. 6 Cross-section SEM images of the WO_3 heat-treated films obtained from $\text{WO}_3 \cdot \text{H}_2\text{O}$ (a) and $(\text{NH}_4)_{0.33}\text{WO}_3$ (b) precursor layers on silica glass substrates.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
