Correction: *Rubia tinctorum* root extracts: chemical profile and management of type II diabetes mellitus

Enas E. Eltamany,[a] Mohamed S. Nafie,[b] Dina M. Khodeer,[c] Aya H. H. El-Tanahy,[d] Maged S. Abdel-Kader,*[ef] Jihan M. Badr[a] and Reda F. A. Abdelhameed[a]

Correction for '*Rubia tinctorum* root extracts: chemical profile and management of type II diabetes mellitus' by Enas E. Eltamany *et al.*, *RSC Adv.*, 2020, **10**, 24159–24168, DOI: 10.1039/D0RA03442H.

The authors regret that there was an error in the caption for Table 6 in the original article. The text originally read: "Flavonoids of *Rubia tinctorum* root extract identified by LC-HRMS analysis (positive mode)". This caption should read: "Flavonoids of *Rubia tinctorum* root extract identified by LC-HRMS analysis (negative mode)".

In addition, there was an error in one of the columns of Table 6 in the original article. The column was originally labelled "m/z $[M + H]^{+}$". This should read "m/z $[M - H]^{-}$".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
