## Correction: Advances in chemistry of N-heterocyclic carbene boryl radicals

Tsuyoshi Taniquchi 🕩

Correction for 'Advances in chemistry of N-heterocyclic carbene boryl radicals' by Tsuyoshi Taniguchi, Chem. Soc. Rev., 2021, DOI: 10.1039/d1cs00385b

DOI: 10.1039/d1cs90070f

rsc.li/chem-soc-rev

The author regrets that ref. 54 was incorrect in the original article. The correct ref. 54 is given below as ref. 1.

In addition, the author would like to cite additional references of neutral boryl radicals related to Scheme 9 and ref. 39-41 in the original article. These references are provided below as ref. 2-5.

An example of stereoselective B-arylation reactions of NHC-chloroborane derivatives with Grignard reagents via a plausible S<sub>RN</sub>1 mechanism involving the formation of putative NHC-boryl radicals should be cited as a reference related to Scheme 24 and ref. 73 in the original article. The reference is provided below as ref. 6.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
