Correction for 'Addressing energy storage needs at lower cost *via* on-site thermal energy storage in buildings' by Adewale Odukomaiya *et al.*, *Energy Environ. Sci.*, 2021, **14**, 5315–5329, DOI: 10.1039/D1EE01992A.

There were errors in the insets of Fig. 5d–f. The orange lines should have been labelled $COP_C/COPav = 1$; the grey lines $COP_C/COPav = 1.5$; and the blue lines $COP_C/COPav = 2$. The figure should have appeared as follows:

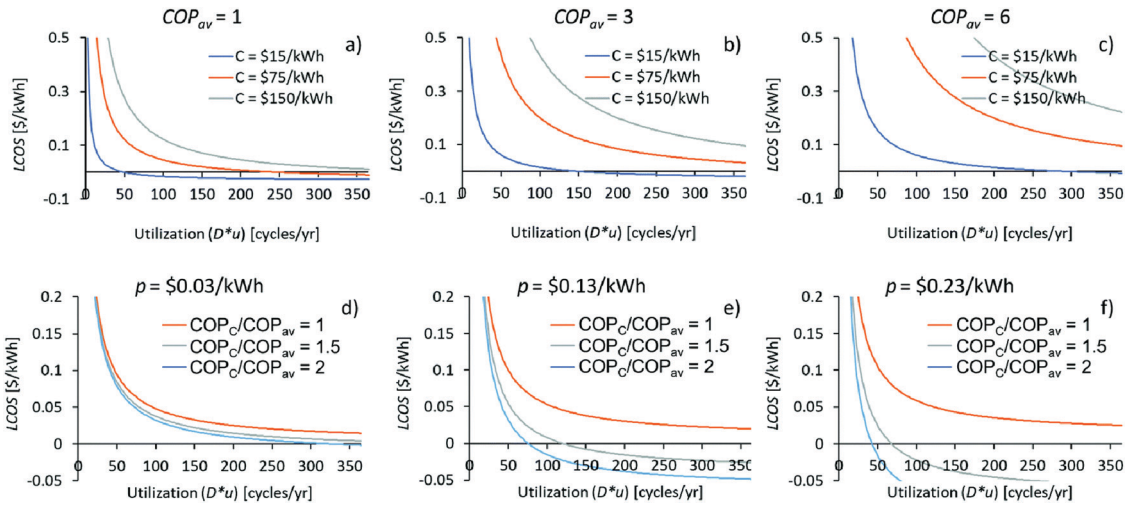

Fig. 5 The LCOS for thermal storage depends on many factors.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
