## Correction: Room temperature iron catalyzed transfer hydrogenation using *n*-butanol and poly(methylhydrosiloxane)

Thomas G. Linford-Wood, Nathan T. Coles and Ruth L. Webster\*

DOI: 10.1039/d1gc90042k

rsc.li/greenchem

Correction for 'Room temperature iron catalyzed transfer hydrogenation using *n*-butanol and poly (methylhydrosiloxane)' by Thomas G. Linford-Wood *et al., Green Chem.*, 2021, **23**, 2703–2709, DOI: 10.1039/D0GC04175K.

The authors note a recent publication from Clark and co-workers was omitted from the Introduction section of the manuscript. The sentence that was intended to be included is as follows:

Recently Clark has demonstrated a Cu-catalysed route for the preparation of alkanes and fully deuterated alkanes from alkynes.<sup>1</sup>

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
