Correction: The effect of graphene oxide cross-linking and ionization on the crystallization behavior, and the electrical and thermal conductivity of a nylon-66 nanocomposite

Junyi Guo,^{ab} Yuxing Ye,^{ab} Zhongjie Du,^{ab} Chen Zhang^{ab} and Wei Zou^{*ab}

Correction for 'The effect of graphene oxide cross-linking and ionization on the crystallization behavior, and the electrical and thermal conductivity of a nylon-66 nanocomposite' by Junyi Guo *et al.*, *New J. Chem.*, 2021, DOI: 10.1039/D1NJ01474A.

The authors regret that funding information was omitted from the original publication of this paper.

This work was supported by the Natural Science Foundation of Jiangsu Province (Project no. BK20181160).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
