Correction for 'Largely enhanced thermoelectric effect and pure spin current in silicene-based devices under hydrogen modification' by G. Qiao *et al.*, *Nanoscale*, 2020, **12**, 277–288, DOI: 10.1039/C9NR07541K.

The authors regret that the first initial of the first author's name was incorrectly displayed in the original manuscript. The first author's name should have been displayed as "G. Qiao" as shown herein, rather than "Q. Qiao".

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
