Expression of concern: Systematic investigation on the intracellular trafficking network of polymeric nanoparticles

Michaela Mühlberg

Expression of concern for 'Systematic investigation on the intracellular trafficking network of polymeric nanoparticles' by Jinjie Zhang *et al.*, *Nanoscale*, 2017, **9**, 3269–3282, DOI: 10.1039/C7NR00532F.

Nanoscale is publishing this expression of concern in order to alert our readers that we are presently unable to confirm the reliability of the data presented in Fig. 6B of the article and Fig. S3B and S6B of the supporting information.

The Royal Society of Chemistry is currently seeking support from the affiliated institution in order to investigate this matter and establish whether the reported findings are reliable. This notice will be updated when a conclusive outcome is reached.
