 Correction for 'Oxovanadium(v)-catalyzed amination of carbon dioxide under ambient pressure for the synthesis of ureas' by Toshiyuki Moriuchi *et al.*, *RSC Adv.*, 2021, **11**, 27121–27125. DOI: 10.1039/D1RA04125H.

The authors regret that there were two errors in the original version of the manuscript.

The third entry of Table 1, which originally read  $\text{VO}(\text{Et})_3$ , should be  $\text{VO}(\text{OEt})_3$ . The superscript reference to footnote *c* remains correct.

In addition, the structure of dimethylethylsilylimidazole in Table 2 in the original manuscript was incorrect. The correct structure is given here:

Dimethylethylsilylimidazole

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
