Correction: Dynamical time scales of friction dynamics in active microrheology of a model glass

A. Madanchi,^a Ji Woong Yu,^b Won Bo Lee,^{*b} M. R. Rahimi Tabar^{*cd} and
S. H. E. Rahbari^{*be}

Correction for 'Dynamical time scales of friction dynamics in active microrheology of a model glass' by A. Madanchi *et al.*, *Soft Matter*, 2021, DOI: 10.1039/d0sm02039g.

There are mathematical errors in eqn (17) and (19) in the original article and within the text. The corrected equations and text are as given below:

$$C(t) = (1 - A)e^{-(t/\tau_\beta)} + Ae^{-(t/\tau_\alpha)^b} \quad (17)$$

$$F = b^{-y/v} \mathfrak{F}_0(Ub^z, bL^{-1}) \quad (19)$$

where z is the dynamic exponent and $\mathfrak{F}_0$ is a scaling function.

Additionally, the exponential function on the fifth page of the article, line 43 should read: $-e^{-(x/\tau_\alpha)^b}$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
