Correction for 'Synergistic effects of magnetic drug targeting using a newly developed nanocapsule and tumor irradiation by ultrasound on CT26 tumors in BALB/c mice' by Ali Shakeri-Zadeh et al., *J. Mater. Chem. B*, 2015, **3**, 1879–1887, DOI: 10.1039/C4TB01708K.

The authors would like to highlight the duplication of Fig. 3 as well as the adaptation of Fig. 4 in this *Journal of Materials Chemistry B* paper from Fig. 3 and Fig. 5, respectively, of their previous paper published in *Journal of Biomaterials Applications*.¹ The authors also regret that there are portions of unattributed text overlap in the Introduction, Results, and Discussions with their *Journal of Biomaterials Applications* paper. It should be noted that this was unintentional error.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
