Correction for 'Chemical structure modulation in conductive MOFs by adjusting the oxidation state of the ligand and introducing alkali metal ions' by Xiaoyu Wu *et al.*, *Chem. Commun.*, 2022, **58**, 2702–2705, DOI: 10.1039/D1CC06407J.

The authors regret that they omitted to acknowledge their funders in the original article. They are provided here:

The authors acknowledge the financial support from the National Key R&D Program of China (Grant No. 2017YFA0204701), the National Natural Science Foundation of China (Grant 21773016), the Chinese Academy of Sciences (QYZDY-SSW-SLH024), the Youth Innovation Promotion Association of the CAS (2021030), the Key Research Program of the Chinese Academy of Sciences (Grant XDPB13). The synchrotron X-ray powder diffractions were collected at the beamline BL14B1 at the Shanghai Synchrotron Radiation Facility (SSRF). The authors appreciate Prof. Junliang Sun from Peking University for the contribution in resolving the crystal structures, and Prof. Xingmin Zhang and Prof. Wen Wen from SSRF for the contribution in PXRD data collection.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
