## Correction: New insights into the role of solution additive anions in $\text{Mg}^{2+}$ dehydration: implications for mineral carbonation

Dimitrios Toroz,<sup>a</sup> Fu Song,<sup>a</sup> Gregory A. Chass<sup>\*abc</sup> and Devis Di Tommaso<sup>\*a</sup>

Correction for 'New insights into the role of solution additive anions in  $\text{Mg}^{2+}$  dehydration: implications for mineral carbonation' by Dimitrios Toroz *et al.*, *CrystEngComm*, 2021, 23, 4896–4900, <https://doi.org/10.1039/D1CE00052G>.

The authors regret that an incorrect grant number was shown in the acknowledgements section of the published article. The corrected section should read:

This project is funded through the ACT programme (Accelerating CCS Technologies, Horizon2020 Project No. 299668).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
