The published article contains errors in eqn (4) and (5) where the delta symbol is missing in multiple places. The correct equations as given in the accepted manuscript are:

$$C(r_i, r_j; E) = \frac{\langle \delta N_i \delta N_j \rangle}{\left(\langle \delta N_i^2 \delta N_j^2 \rangle \right)^{1/2}} \quad (4)$$

$$C(t; E) = \frac{\langle \delta N(t) \delta N(0) \rangle}{\langle \delta N(0)^2 \rangle} \quad (5)$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
