rsc.li/daltonCorrection for 'A photochromic zinc-based coordination polymer for a Li-ion battery anode with high capacity and stable cycling stability' by Shu-Biao Xia *et al.*, *Dalton Trans.*, 2018, **47**, 13222–13228, DOI: 10.1039/C8DT02930J.

The authors regret that the funding information in the Acknowledgements section was incorrect in the original article. The correct funding information is detailed below:

The authors thank the National Natural Science Foundation of China (51764048 and 51474191) and the Application Basis Research Project of Yunnan Province Science and Technology Department (2017FD144) for providing the financial support.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
