Correction for ' $\text{KPb}_3(3\text{-C}_5\text{H}_4\text{NCOO})_2\text{Cl}_5$: a brand-new stable lead chloride with good comprehensive nonlinear optical performance' by Wen-Xiu Bao et al., *Inorg. Chem. Front.*, 2022, **9**, 1830–1835, <https://doi.org/10.1039/D2QI00171C>.

The authors regret that in the title, and throughout the article, the chemical formula is incorrect. The term “o-” should be “3-”, so the correct formula is $\text{KPb}_3(3\text{-C}_5\text{H}_4\text{NCOO})_2\text{Cl}_5$.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
