Correction for 'Mechanism unravelling for highly efficient and selective $^{99}\text{TcO}_4^-$ sequestration utilising crown ether based solvent system from nuclear liquid waste: experimental and computational investigations' by Kankan Patra *et al.*, *RSC Adv.*, 2022, 12, 3216–3226. DOI: 10.1039/D1RA07738D.

In the original manuscript in Fig. 8, part of the cover image from *Analytical Sciences*, 2020, 36 (12), 1433–1576 was used. This Correction article provides an acknowledgement of the source of that part of the image for Fig. 8 after permission was granted by the corresponding author for the *Analytical Sciences* paper.
