Retraction: Structural characterization of centipede oligopeptides and capability detection in human small cell lung carcinoma: inducing apoptosis

Laura Fisher

Retraction of 'Structural characterization of centipede oligopeptides and capability detection in human small cell lung carcinoma: inducing apoptosis' by JingQuan Zhao *et al.*, *RSC Adv.*, 2019, 9, 10927–10936, <https://doi.org/10.1039/C8RA09018A>.

The Royal Society of Chemistry hereby wholly retracts this *RSC Advances* article due to a significant amount of unattributed text overlap throughout the article, and particularly with ref. 1 in the Results and discussion section and ref. 2 in the Conclusion section.

Jie Liu opposes the retraction. The other authors have been informed but have not responded to any correspondence regarding the retraction.

Signed: Laura Fisher, Executive Editor, *RSC Advances*

Date: 29th March 2022
