## Correction: Reactions of nitroxides 16. First nitroxides containing tellurium atom

Jerzy Zakrzewski, \* Bogumiła Huras, Anna Kietczewska   
and Maria Krawczyk 

Correction for 'Reactions of nitroxides 16. First nitroxides containing tellurium atom' by Jerzy Zakrzewski *et al.*, *RSC Adv.*, 2016, **6**, 98829–98834, <https://doi.org/10.1039/c6ra15880c>.

The authors regret that incorrect text concerning names of specific chemical compounds were included in the original article.

In the subheading “3-(Phenyltellanyl)ethylamine **3a**, 3-(phenyltellanyl)propylamine **3b** (according to a known procedure<sup>20</sup> with some modifications)” on page 98831, ‘3-(Phenyltellanyl)ethylamine **3a**’ should read as ‘2-(Phenyltellanyl)ethylamine **3a**’.

In the subheading “3-(Phenyltellanyl)ethylamine **3a** (*M* = 248.6)” on page 98831, ‘3-(Phenyltellanyl)ethylamine **3a**’ should read as ‘2-(Phenyltellanyl)ethylamine **3a**’.

In the subheading “3-(Phenyltellanyl)ethyl isothiocyanate **4a**, and 3-(phenyltellanyl)propyl isothiocyanate **4b**. General procedure” on page 98831, ‘3-(Phenyltellanyl)ethyl isothiocyanate **4a**’ should read as ‘2-(Phenyltellanyl)ethyl isothiocyanate **4a**’.

Following the subheading “Tellurium nitroxides **6a–6f**, general procedure” on page 98832, in the sentence reading “2-(Phenyltellanyl)ethyl isothiocyanate (**4a**, 0.111 g, 0.382 mmol) or 2-(phenyltellanyl)propyl isothiocyanate”, ‘2-(phenyltellanyl)propyl isothiocyanate’ should read as ‘3-(phenyltellanyl)propyl isothiocyanate’.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
