 Correction for 'Synthesis and characterization of AFe<sub>2</sub>O<sub>4</sub> (A: Ni, Co, Mg)–silica nanocomposites and their application for the removal of dibenzothiophene (DBT) by an adsorption process: kinetics, isotherms and experimental design' by Fahimeh Vafaei *et al.*, *RSC Adv.*, 2021, 11, 22661–22676, <https://doi.org/10.1039/D1RA02780H>.

The authors regret an error in Fig. 4 where a section of the XRD for 4(a) and (b) is identical.

The authors have repeated the experiment and provided new data for Fig. 4. An independent expert has viewed the new data and has concluded that it is consistent with the discussions and conclusions presented. The correct Fig. 4 is shown below:
