Correction for 'Photodynamic antimicrobial chemotherapy with cationic phthalocyanines against *Escherichia coli* planktonic and biofilm cultures' by Min Li *et al.*, *RSC Adv.*, 2017, **7**, 40734–40744, https://doi.org/10.1039/C7RA06073D.

The authors regret that incorrect versions of Fig. 7F (Control) and Fig. 8A (Light-alone) were included in the original article. The corrected versions are shown below. The correction does not change any results or conclusions of the original paper.

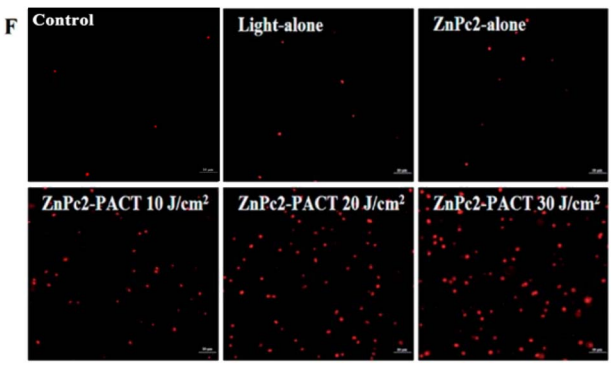

Fig. 7 Membrane integrity detected by PI staining. (F) Images taken by fluorescence microscope of *E. coli* treated with 5 μM ZnPc2 in different groups.
