rsc.li/chemical-science**Correction: The oxygen-resistant [FeFe]-hydrogenase CbA5H harbors an unknown radical signal**Melanie Heghmanns,^a Andreas Rutz,^b Yury Kutin,^a Vera Engelbrecht,^b Martin Winkler,^c Thomas Happe^{*b} and Müge Kasanmascheff^{*a}Correction for 'The oxygen-resistant [FeFe]-hydrogenase CbA5H harbors an unknown radical signal' by Melanie Heghmanns *et al.*, *Chem. Sci.*, 2022, 13, 7289–7294, <https://doi.org/10.1039/D2SC00385F>.

The authors realized that incorrect references were cited following the sentence "In conjunction with the signal's significant width, the frequency dependence clearly indicates spin–spin interaction between the F-clusters." The correct references are shown below as ref. 1 and 2.

Additionally ref. 36 and 37 were reversed in the reference list. The correct ref. 36 is shown below as ref. 3 and the correct ref. 37 is shown below as ref. 4.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
