The authors of this manuscript regret an error in Fig. S8 of the electronic supplementary information of this manuscript. The corrected Fig. S8 is presented below.

**Fig. S8** Fluorescence images of inside peripheral blood lymphocytes before (a) and after being incubated with (b)  $\text{Fe}_3\text{O}_4$  NPs and (c) the MMS/P/H NRs; (d) cell viability of peripheral blood lymphocytes before and after being incubated with  $\text{Fe}_3\text{O}_4$  and the MMS/P/H NRs.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
