The authors regret that one of the fund numbers was incorrect in the original article. The correct funding information is as follows: This work was supported by the National Natural Science Foundation of China (22278447 and 22007047), State Key Laboratory of Fine Chemicals (KF2109), Basic Research Foundation of Shenzhen Science and Technology Innovation (JCYJ20190806144605441) and Fundamental Research Funds for the Central Universities of Central South University (2022ZZTS0456).

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
