Correction for 'Helium nanodroplets as an efficient tool to investigate hydrogen attachment to alkali cations' by Siegfried Kollotzek et al., *Phys. Chem. Chem. Phys.*, 2023, **25**, 462–470, <https://doi.org/10.1039/D2CP03841B>.

In the published version of this manuscript, acknowledgement for one of the funding sources was inadvertently omitted. The authors would like to include "S. K. is supported by the Austrian Science Fund (FWF) W1259-N27" in the Acknowledgements.

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
