In the original article, there was a mistake in the coefficient in front of the last term of the 6th cumulant (eqn (8)). The corrected formula should read:

$$\kappa_6(Z, Y, X, W, V, U) = \langle z_0 y_0 x_0 w_0 v_0 u_0 \rangle - \sum^{15} \langle z_0 y_0 \rangle \langle x_0 w_0 v_0 u_0 \rangle - \sum^{10} \langle z_0 y_0 x_0 \rangle \langle w_0 v_0 u_0 \rangle + 2 \sum^{15} \langle z_0 y_0 \rangle \langle x_0 w_0 \rangle \langle v_0 u_0 \rangle.$$

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
