Correction for 'Design of gold catalysts for activation of H_2 and H-donor molecules: transfer hydrogenation and CO_2 hydrogenation' by Jhonatan Luiz Fiorio *et al.*, *Catal. Sci. Technol.*, 2023, **13**, 3205–3215, https://doi.org/10.1039/D2CY01920E.

The authors regret that Fig. 2 and it's caption were incorrectly displayed. The corrected figure and caption are as shown here:

Departamento de Química Fundamental, Instituto de Química, Universidade de São Paulo, Av. Prof. Lineu Prestes, 748, 05508-000, São Paulo, SP, Brazil. E-mail: lrossi@iq.usp.br

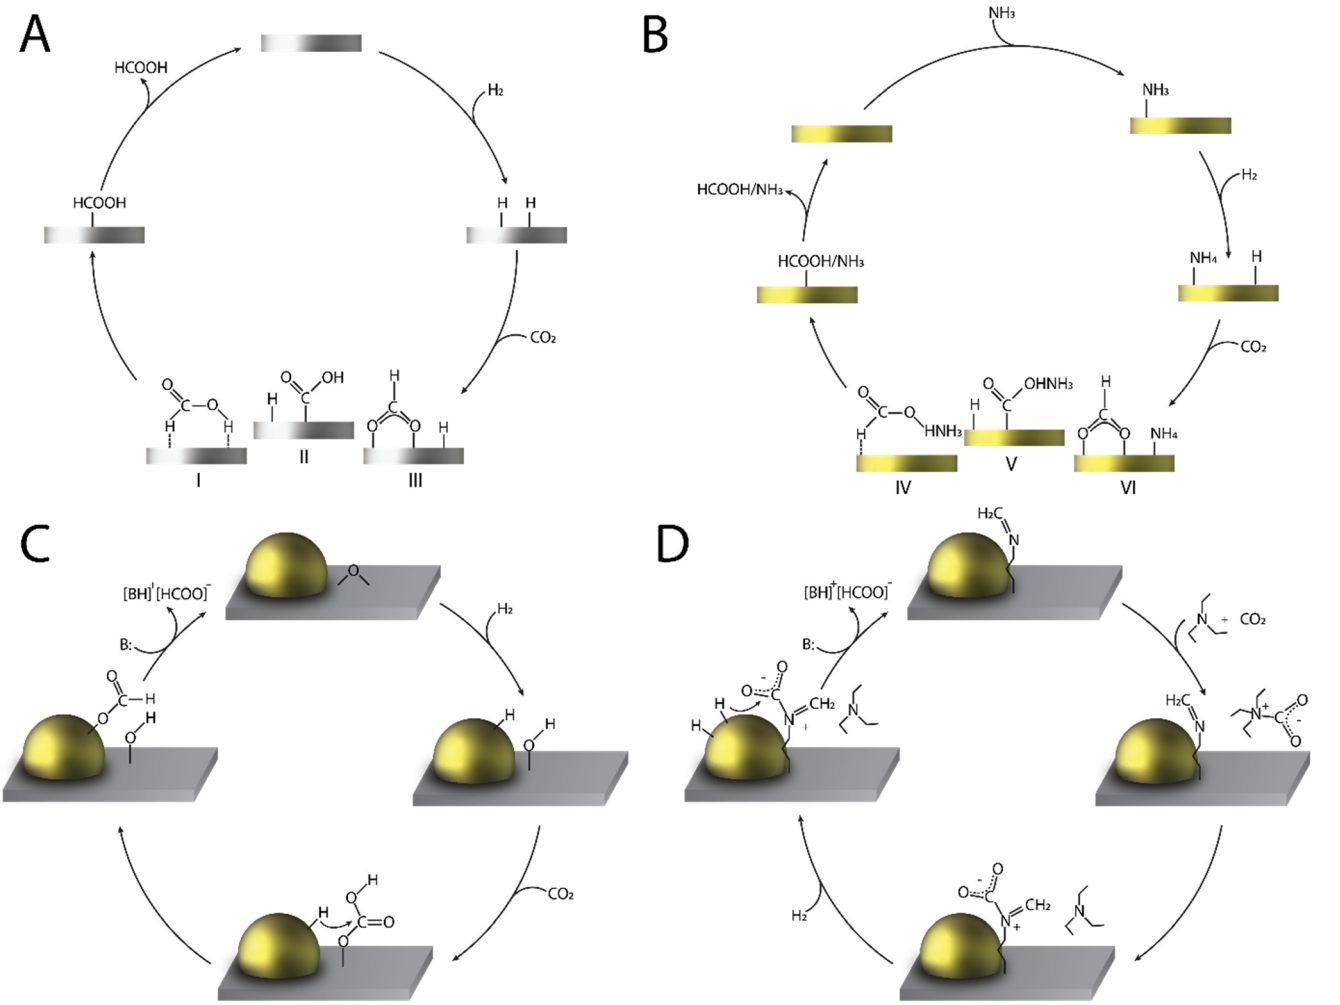

Fig. 2 Proposed mechanisms for the hydrogenation of CO_2 to formate/formic acid: (A) hydride transfer pathway on metal surfaces;[126] (B) Lewis base-assisted pathway on gold surfaces;[126] (C) hydrogen activation on gold–support interface;[77] (D) Schiff-base-mediated pathway on gold catalyst surface.[127]

The Royal Society of Chemistry apologises for these errors and any consequent inconvenience to authors and readers.
